If this visual is approved,
we cannot take any responsibility for artwork errors

- ! By approving this visual, you accept the following deviations**
- 1. When printing on coloured bottles, it is necessary to print a white underlay first. In some cases an outline is visible.
 - 2. Dark bottles are more sensitive to scratches and scuff marks.
 - 3. When printing a multiple colour design, where the colours meet a 0,5 mm tolerance in closure must be accepted
 - 4. When printing full colour process CMYK, the end result is mat, pixelated and can deviate from the visual proof. Our raster size is 34 dpi.

In order to avoid a production delay, **please confirm within 24 hrs.**
